Tangra, Inc., a Microsoft Gold Certified Partner, has been recognized as a Small Business Specialist. Partners who qualify as Small Business Specialists have proven competency in marketing, selling, planning, and building solutions for small businesses.

As they recognize their needs for information technology, small business customers want high-quality solutions that are designed to meet those needs and that are built with Microsoft technologies. These solutions are configured according to the customers' needs and supported to ensure customer satisfaction.

The Small Business Specialists have shown expertise in the following areas:

- Understanding the dynamics and dependencies of the small business market, as well as the value to small business of several software solutions, including Windows XP Professional, Office 2003, and Windows Small Business Server
- Designing, deploying, and managing a network solution for small and medium-sized business utilizing Windows Small Business Server 2003 and the Windows Server System.
